Whoa! *Bus Stop* here. At 22nd and Penn.  
For sooo many years I've been showcasing,  
some big scary numbers. **You!** Attention!  
There's a budget *debacle* you're facing!

Here a trill, there a trill, just 4 months more,  
another trill! Eee iii eee iii, oooh, oooh!  
And **YOU** saunter by, your eyes glazed over.  
Sheesh! The signs are on me, the debt's on you!

Limos roll by, sooo much hot air inside.  
There just is no snap-your-fingers magic.  
Gotta get acting; *this* **YOU** can't abide.  
Lick it now or it's gonna be tragic!

Pols, will you ever  
transcend your clever?!

Voters! Aver never.  
"Er, whatever."

*Bus Stop*

There isn't a cute  
**EVACUATION ROUTE**  
of any repute.

### The Curve

Concave up – it's plain –  
paints acceleration's reign.  
Six years' half up gain,  
doth 'splain a runaway train.  
Deign to act, contain the pain!

Solutions you will see,  
require much honesty.
